Welcome.

Rooted in collaboration and community, our list highlights both local, interstate and international winemakers who share our commitment to sustainability and craftsmanship.

Wine is about more than just taste, it's about the occasion, the people, and the stories behind each bottle. Our offerings are always changing, reflecting the seasons, new discoveries, and the dynamic nature of winemaking.

We also offer our exclusive and local wines from selected producers for takeaway sales.

We acknowledge the Traditional Custodians of the land on which we gather, the Wiradjuri people, and pay our deepest respects to their Elders past, present, and emerging. We recognise their enduring connection to the land, waters, and culture and honor their traditions, storytelling, and deep knowledge of this region.

As we share and celebrate wine, we do so with gratitude for the land that provides for us and the communities who have cared for it for thousands of years.

CC surcharge of 1.5% applies to Visa & MC and 2.5% for Amex.

Glossary

A little guide to help you sip with confidence.

Wine can be wonderfully complex. We're here to make sure you have a good time not be overwhelmed! You'll see a few symbols on our list that represent how the wines are made, who makes them, and the philosophies behind them. Here's a quick glossary to help you get the most from your glass/bottle or bottles.

If you ever have questions or want to dive deeper into a wine or style, just ask! We love talking all things wine, and we're here to help you discover something new and delicious.

Coravin

A clever little device that lets us pour wine without removing the cork or put in place of the cap. It uses argon gas to serve a glass while keeping the rest of the bottle fresh. Great for trying special and baller drops by the glass.

Organic

Wines made from grapes grown without synthetic pesticides or herbicides. Organic producers focus on soil health, biodiversity, and working with nature to grow healthy fruit.

Bio-Dynamic Practices

A small step beyond organic. Biodynamic viticulture follows a holistic, eco-friendly approach that includes lunar cycles, composting, and herbal preparations. It's all about balance: in the vineyard and in the wine.

Vegan

You might be surprised, but not all wines are vegan! Some use animal-based fining agents to clarify wine. Vegan wines skip these and use plant-based or natural alternatives (no animal products are used in the winemaking process).

Female Winemaker

Wines made or led by women in the wine world. Women who are shaping the future of the industry with innovation, creativity, and care. We love championing their stories and their wines.

De Salis Wines

Perched at 1050 metres on the northern slopes of Gaanha Bula, De Salis is a family run winery crafting expressive cool climate wines with a minimalist, hands-off approach.

Team Favourites

Matthew

∨	2020	Clément Lavallée Rouge Ma Pierre <i>Côtes d'Auxerre, Burgundy</i>	\$34 \$163
---	------	--	--------------

This Pinot Noir comes from Clément Lavallée, a young winemaker with deep roots in Chablis. After working with legends like Château Margaux and Domaine Chapoutier (and even a stint in Rutherglen), Clément returned home and started his own project in 2018 with a small vineyard and a big vision. 'Ma Pierre' is elegant, honest, and a little bit wild.

Elizabeth

∨	2022	Domaine Close Des Rocs En Près Forêt <i>Mâcon-Loché, Burgundy</i>	\$22 \$112
---	------	--	--------------

A standout Chardonnay from the Mâconnais region of Burgundy, France. Crafted by Olivier Giroux, a seventh generation winemaker, 40 year old vines rooted in sandy, stony soils over schist bedrock at an elevation of 240 meters. The wine is certified organic, reflecting Giroux's commitment to sustainable viticulture.

Georgia

2025	ChaLou Riesling <i>Orange, New South Wales (off-dry)</i>	\$70
------	---	------

Made right here in Orange by local legends Nadja Wallington and Steve Mobbs, this off-dry Riesling is crafted bud to bottle. Grown sustainably and made with minimal intervention, it's bright, citrusy, and full of energy. A little sweetness, loads of zing, and seriously moreish.

Winemaker Drew Tuckwell brought his passion to Printhie. His hand crafted approach, deep experience, and commitment to quality shine through in every bottle. With exceptional winemaking, cool climate fruit, and the luxury of time Swift is perfected.

Interesting Reds

Crafted by Amélie Guillot, a Burgundian native who established her domaine, this wine reflects her commitment to sustainable viticulture and respect for the terroir. Sourced from old Poulsard vines planted in 1954. The Jura region, nestled between Burgundy and Switzerland, is renowned for its unique grape varieties and traditional winemaking techniques.

    2022 Amélie Guillot 'Arbois Poulsard Vieilles Vignes' \$136
Jura, France (Poulsard)

Crafted by Zorik Gharibian, who returned to his ancestral homeland to revive Armenia's ancient winemaking traditions, 'Karası' is a tribute to the country's 6100 year old viticultural heritage. Sourced from ungrafted Areni Noir vines grown at 1,370 meters above sea level, the wine undergoes fermentation with indigenous yeasts in concrete vats and is aged in traditional clay amphorae, known as "karasi," for 12 months.

  2021 ZORAH 'Karası' Areni Noir \$145
